### About SAT/ACT Summer Workshop at Jeng Academic Center

For 17 years, JAC's highly acclaimed SAT/ACT summer workshop has helped more than one thousand local students achieve their test goals. Its course content allow students not only to become familiar with both SAT and ACT tests, but also to empower their thinking ability for them to solve various English or math problems. One former student, who scored 1570 in the 2017 December SAT test, shares his learning experience at the 2017 Summer SAT/ACT Workshop,

...“ So, then, that is where Dr. Jeng's program diverges from the expectation. One might expect practice on practice on practice, and to be entirely fair there is that, but Dr. Jeng takes this important moment in student life (*the transition into the final years of high school and college*) to brush students up on concepts they have learned, and introduce crucial concepts that haven't. That's where I found my appreciation for what Dr. Jeng did. That he was more focused on students actually learning something (*I found his instructions in English especially enlightening*) than a mere test score made JAC less of a slog, and more of an exploration. The SAT Bootcamp is not just a class, but rather, a form of guidance...
